

STUDENT PHOTOGRAPHS/VIDEOS/ WORK MEDIA RELEASE FORM

St Rose of Lima Catholic School has created a school web site to display student work, projects or activities. Photographs or videos of the students and/or their work may be posted on the web site for an undetermined period of time during the school year.

Prior to posting the school administrator will review the material to ascertain:

- that no name, address, phone number, or email address of a student is included in the material to be published.
- that the parental/guardian has given permission for publishing on the web site.

Please be apprised that photographs/videos of large groups of students (e.g. school mass, classrooms, work in progress, sporting activity or music program) may be approved for publishing on a school web site **without** parental/guardian permission as long as individual students are not identified.
