

Registration for all St. Rose of Lima sports is conducted through the CYO website at www.cyoarchindy.org

Registration payments can be made by cash or check in the school office or with the Athletic Director. Make sure to note the child's name and sport they are participating in.

Visit the school athletics webpage for more details on each sport.

Athletes who haven't registered through the CYO, paid their registration fee (or made a payment plan with the Athletic Director), or completed all necessary paperwork will not be allowed to participate until these are received. If you need financial assistance for athletic fees please contact athletics@stroselions.net.

Please note: We will be following a new discipline plan for all students who participate in St. Rose athletics. We will follow the three strikes and you're out format. The first strike will be a verbal warning; the second will be written warning with a required parents' signature; and third will be suspension from the team. If problems continue to arise, the athlete will be permanently removed from the team.

Also, periodically, the coach or Athletic Director will ask for a grade report from the athletes or their teachers. If they do not have a 3.0 or equivalent, they will be suspended from the team until the issues are remedied.

These policies and rules have been put in place to ensure the smooth operation of the athletics program at St. Rose. It is our goal to provide athletic opportunities to all of our students while maintaining the "school comes first" mentality.
